Selected Bibliography

Kripke (1975) is the key text. Starred items (*) are more introductory, and good places to start. Beyond these, Soames (1999) is particularly helpful. Discussion elsewhere can get quite technical. Gupta and Belnap (1992) present the so-called *revision theory of truth*. See Burgess and Burgess (2010) and Kremer (1995/2015) for introductions to this.
